

# FOOD GROUPS

## VEGETABLES

A great source of vitamins, minerals, and fiber.

**NON STARCHY: LEAFY GREENS, BROCCOLI, ASPARAGUS, EGGPLANT, PEPPERS**

Daily servings: 3-4

Example of a serving: 1 cup of spinach

**STARCHY VEGETABLES: ROOTS LIKE CARROTS AND BEETS. POTATOES, SQUASH, AND CORN.**

Daily servings: 2-3

Example of a serving: 1/2 cup of roasted carrots

Starchy vegetables can replace grain servings. They provide complex carbohydrates and fiber.

## FRUITS

**PEARS, APPLES, STRAWBERRIES, WATERMELON**

A great source of vitamins (vitamin c, folate), minerals, and fiber. Naturally sweet. Eat the skin or peel when possible.

Daily servings: 2-4

Example of a serving: 1 medium sized pear.

## DAIRY

**MILK, CHEESE, YOGURT**

Provides minerals as well as naturally occurring carbohydrates.

Daily servings: 2-3

Example of a serving: 1 cup of milk or 1 oz of cheese.

## MEATS, POULTRY

**BEEF, PORK, TURKEY, CHICKEN**

High in protein and minerals (specifically iron)

Daily servings: 0-3

Example of a serving: 3oz chicken thigh

OR

## SEAFOOD

**TUNA, SALMON, CRAB, AND SHRIMP**

High in protein and minerals (specifically zinc)

Daily servings: 0-3

Example of a serving: 3 oz of tuna salad

# FOOD GROUPS

## GRAINS

**BREAD, CEREALS, RICE, PASTA, OATS, NOODLES**

An important source of complex carbohydrates, fiber, B vitamins, and many minerals. Choose whole grains!

Daily servings: 2-3 servings per day.

Example of a serving: 1 slice of bread, 1/2 cup of pasta or rice

SEE OUR "WHOLE GRAINS" PAGE FOR MORE INFORMATION

## LEGUMES

**BLACK BEANS, KIDNEY BEANS, CHICKPEAS, & MORE!**

A great source of protein, fiber, and minerals.

Daily servings: 2-4

Example of a serving: 1/2 cup of cooked beans

Legumes count as one of your protein servings. Try replacing meat or seafood with legumes for some meal.

## NUTS & SEEDS

**ALMONDS, CASHEWS, SUNFLOWER SEEDS, NUT BUTTERS**

High in protein, high in fat, nutritionally dense.

Daily servings: 1-2

Example of a serving: 1 oz of almonds (~20 almonds)

### A BALANCED DIET

Is made up of 4-5 food groups per day. The American Heart Association recommends a healthy dietary pattern that includes fruits, vegetables, whole grains, beans, legumes, fish, skinless poultry, nuts, and dairy products, and limits sodium, saturated fat, red meat and added sugars.
